Art Unit: 3673

The following is an examiner's statement of reasons for allowance: while "pin and slot" type connections for attaching a bed panel to a bed post, are well known (note PTO 892), the crowded prior art fails to teach the very specific connection means of claim 1, especially the retainer (72) with the pair of resilient arms, that cooperates with base plate 71.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Alex Grosz at telephone number (703) 308-2498.
